Weekly Activities and Status Report for DD/ICS--27 July 1983

CIPC Organizational Activities

- The fourth CIPC meeting was held on 25 July.
 - The full agenda was discussed and the meeting lasted exactly 58 minutes.
 - The respective agenda items are presently being worked in accordance with Committee guidance--they will be discussed in greater detail later in the report.
 - Our primary problem continues to be timeliness, or lack thereof in getting the meeting background material to the Principals.

*Although we thought we had developed a solution to the problem last month, our procedures have been modified for August. In essence, the background material for the Principals is due to the ES/CIPC some 13 days before the August meeting. (See attached calendar.)

- The next CIPC meeting is tentatively scheduled for 29 August, 1000 hours.

*At present, it appears that the Strategic Cruise Missile Report will be the primary agenda item.

25X1

- We meet with the Committee Chairmen on 28 July 1983.

- Will critique the CIPC meeting.
- Review status of their respective reports.
- Make preliminary plans for August meeting.

25X1

- [] CIA CTer, will be departing our staff on 3 August. Her next assignment will be with [] on narcotics issues.

- [] will be on leave 15-19 August.

25X1

- In view of your leave plans, 22 August-?, we will adjust our weekly report(s) accordingly.

25X1

TOP SECRET

- [] departs for his nine-months training at State Department the first week of September. He will also be on leave in August.

Narcotics Projects and Activities: []

- On 19 July, [] met with Lee Martin, USEUCOM Special Assistant for Drug Enforcement Matters (SADEM). Lee described present narcotics activities within the European theater, including []

- On 20 July, Mary Lawton, Counsel for Intelligence Policy, Office of Intelligence Policy and Review, Department of Justice, addressed a special meeting of the Narcotics Working Group. This discussion will form the basis of the legal issues section of the Working Group's final report.

- On 21 July, [] attended a DoT-organized meeting to discuss the disagreement between Coast Guard and the Information Security Oversight Office (ISOO). Much of the discussion centered on Coast Guard's wanting to give a national security classification to information that the ISOO did not believe warranted such classification since it was law enforcement, not national security, information. []

- As a result of the meeting of [] last month with [] [] DIA, the ICS agreed to furnish BGEN Goodman, DIA Chief of Staff with specific narcotics guidance for attaches in selected countries. Inputs were obtained from DDI, DEA, NSA and State (BGEN Goodman requested the information by 22 July), and a response to BGEN Goodman is in preparation.

TOP SECRET

Strategic Cruise Missile Report:

- The Cruise Missile Working Group continues their review of the rough draft of the final report. A draft executive summary and major recommendations will be discussed at their meeting of 27 July.

- Less than 10% of the report remains outstanding and that portion is targeted to be in rough draft by 29 July 1983, thereby completing the initial draft. Morale among the workers remains high.
- We have assigned [] the task of editing and polishing up the report.

TOP SECRET

Intelligence Collection Against China:

25X1

- The CIPC discussion paper on this subject was completed and disseminated to the Committee membership. The subject was discussed by the Committee at the 25 July CIPC meeting. [] has begun work on drafting terms of reference (TOR) consistent with Committee views expressed in the meeting. The TOR will be restricted to addressing intelligence gaps for []

[] further improvement in collection performance against the three high priority subject areas.

Measurement and Signature Intelligence (MASINT):

25X1

- The paper on this subject has been rewritten, consistent with the CIPC's recommendations of 25 July:

- MASINT will be used []
- a subcommittee will be created under the auspices of the SIGINT Committee instead of a full committee.

25X1

We plan to send the revised paper to the members for their review and comment this week. The paper will also be circulated to the collection and production committees. We will allow all concerned two weeks to review and comment.
